

## Know Before You Go: Updating Your Healthcare.gov Profile

After you move, be sure to make any changes to your home address, email address, or phone number on your Marketplace profile page. (Your profile is different from your application.) Follow these instructions:

- [Log into your Marketplace account](#) and update the information on your Marketplace profile page. **Note:** Sometimes a more detailed address (like with your full ZIP code) may pop up. Select it so they'll have your most accurate address.
- Be sure to report address, email, and phone changes to your insurance company too. Otherwise they may not know about your new contact information.

Also be sure to report address, email, and phone changes to your insurance company so they have your new information as soon as possible.
