**Submission of Contact Information (Electronic Filing)**

Beginning January 1, 2018, all risk bearing entities must provide an annual certification for certain contact types. An amendment to the Louisiana Insurance Code, Act 10 of the 2017 Regular Session, requires companies to certify annually and to make updates to that information no more than 30 days after a change. You may find a list of "risk bearing entities" in La. R.S. 22:48.

How to provide annual certification. The LDI will use the existing Licensee Contacts Module of the Industry Access System for the updates and the annual certification. A risk bearing entity may use the Licensee Contacts Module or the Uniform Certificate of Authority Corporate Amendment Form 14 to notify the LDI of changes to the contact information but the annual certification will only be available through the Licensee Contacts Module of the Industry Access System.
